

## Toilet Training Visuals

Visual aids are a very helpful way to help a child learn. Toilet training can be difficult to explain to a child with limited communication and visuals are a key support.

In this pack you will find:

- Doing a poo on the toilet
- Doing a wee in the toilet
- How to wash your hands
- Visual aid and PECS cards

## Going for a poo on the toilet

First sit on the toilet.

Do a poo in the toilet.

Wipe your bottom with toilet paper. Put the paper in the toilet

Flush the toilet.

Wash your hands.

## Going for a wee on the toilet

Pull down your trousers and sit on the toilet .

Or boys can stand to wee

Wipe yourself and pull up your trousers

Flush the toilet.

Wash your hands.

## How to Wash your Hands

Carefully turn on the tap

Wet your hands

Rub your hands together with soap

Rinse the soap off your hands

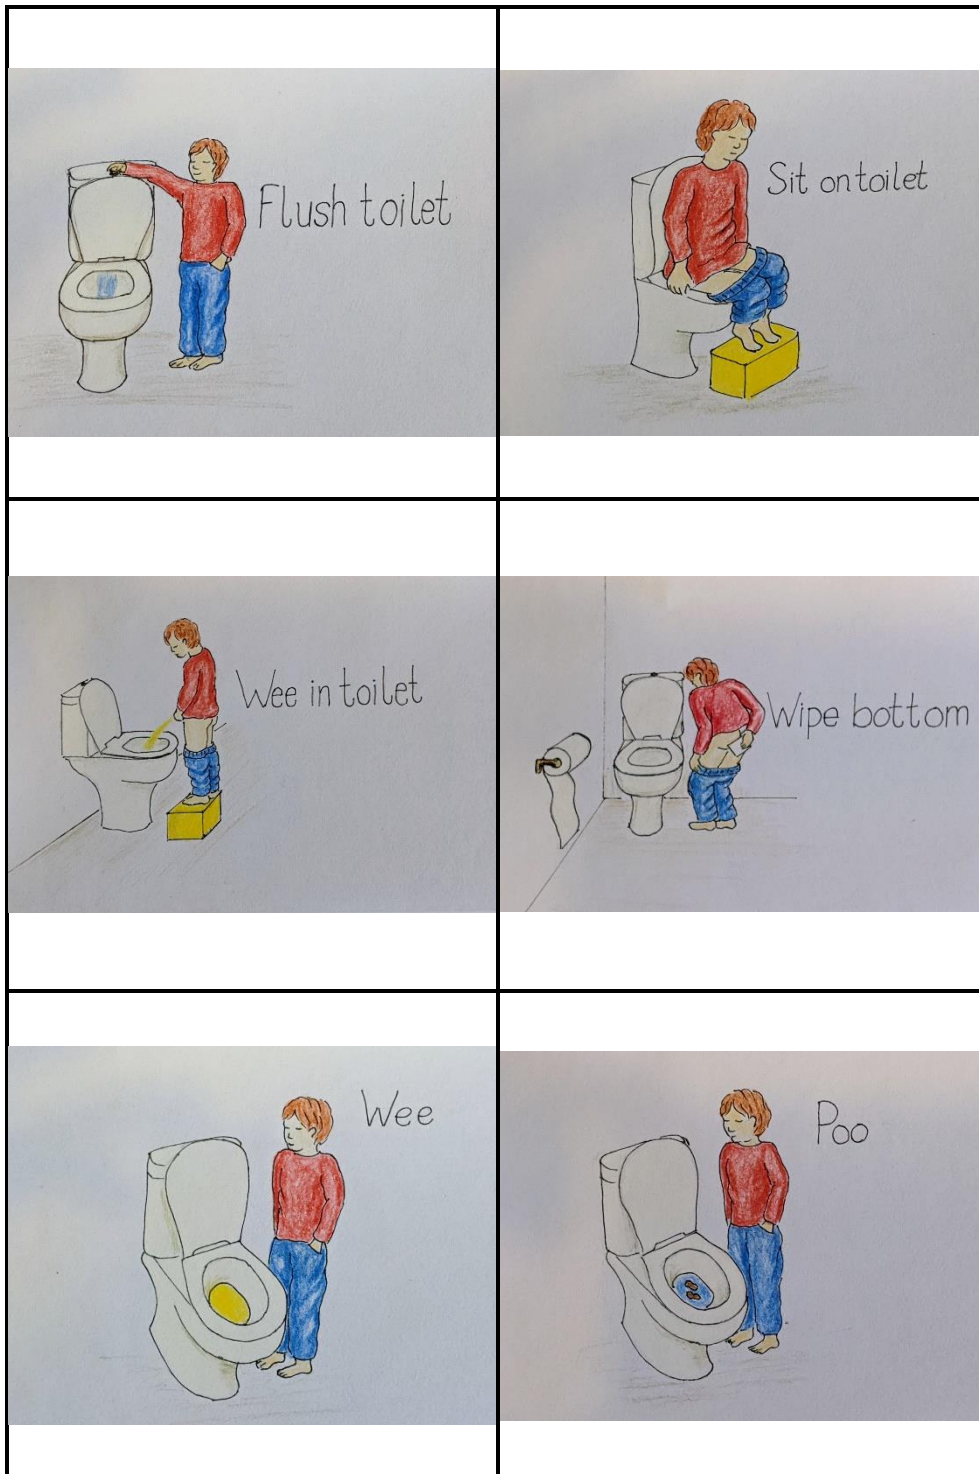

Turn off the tap

Dry your hands on a towel
